Property Introduction

1 Evea Close is a very well-presented detached family home situated in a cul-de-sac position within close proximity to the Royal Cornwall Hospital Treliske and local children's play area, field and Truro Tennis Club.

In recent years, the current owner has carried out a number of improvements including replacing the uPVC double glazed windows and doors, new boiler and the installation of a modern first floor shower room and ground floor cloakroom.

With the internal decoration finished to a very high standard, externally are enclosed lawned gardens while to the front, a single driveway gives access to the garage.

Location

This particular development built towards the end of the 1990s is located in an ideal position for access to the many amenities of the city centre with a regular bus service operating. Truro offers a variety of independent retail outlets sat alongside some of the more recognised national chains. With its cobbled streets and interesting Georgian architecture, the city is very popular with visitors and offers a good range of restaurants and of course the Hall for Cornwall and museum.

The quaint riverside village of Malpas is nearby and popular for water sports as well as having a large children's play area, tennis courts and the Heron Inn. Both north and south coasts are within a reasonable travelling distance, with their contrasting coastlines, the south being popular for sailing while the north is ideal for surfing.
