Property Introduction

This substantial detached cottage has been updated and extended in recent years to create a generous and well proportioned family home. Tucked away from passing traffic, 'Mayfair Cottage' has four double size bedrooms and a family sized bathroom on the first floor. The ground floor has a large lounge with beamed ceiling and focuses on a wood burning stove, the kitchen has a contemporary style range of fitted units which were installed in 2023 and from here there is an archway leading to a dining room. One will find a utility porch with separate WC to the rear, the cottage is fully double glazed and heating is provided by a gas combination boiler supplying radiators.

To the outside there are extensive gardens to three sides, parking is available for eight plus cars and there is lapsed planning for a two bedroom dormer bungalow in the garden to the side. In summary, a large family home which needs a closer inspection to be fully appreciated and viewing our interactive virtual tour is strongly recommended prior to arranging a physical inspection.
