Facilities include a gas heating system with thermostatically controlled radiators served by a Potterton Profile boiler, double glazing with the majority of the windows being of a hardwood tilt-and-turn design, the balance being uPVC, and solar panels to supplement the hot water supply. There is also scope for cosmetic enhancement.

The 2 main bedrooms and conservatory enjoy the delightful aspect over the lawned rear garden with its specimen shrubs and small trees, pond, patio, 2 sheds (largest 10' x 8'), greenhouse 8' x 6', tap and water butt also with a rooftop view to Hungry Copse and open fields. A side path with a bin storage area leads to the front lawn.

The interior includes a tiled fireplace with a coal effect gas fire, several wall light points, an integrated split level electric double oven, gas hob and hood to the kitchen with space for a washing machine and fridge/freezer, fitted wardrobes to both the main bedrooms, and a fitted fold down wooden ladder and light to the loft.

LOCATION

Will Hall Close is a small well regarded no-through road with a close relationship to the neighbouring North Downs countryside and is strategically placed for road routes to Basingstoke, the M3 and the A31 Guildford-Winchester axis. Consisting of mainly detached properties and bungalows, the close is within the favoured Highridge residential area with Ackender Wood, The Butts Primary School and historic green and the sports centre in this western area of Alton. Will Hall Close lies within 1 mile of Alton's Georgian influenced High Street with its range of varied shops, M&S and Iceland stores, restaurants and inns, and its adjacent Market Square, Sainsbury's, station (Waterloo line), Waitrose, Aldi and Wickes stores, churches and library. Proud of its market town, Civil War and Jane Austen influenced history, walker-friendly Alton has an intricate network of town and water meadow footpaths together with several schools, Alton FE College and two golf courses.
