BOURNEMOUTH, DORSET

A BOUTIQUE COLLECTION OF LUXURY APARTMENTS DEVELOPED BY CULLEN HOMES

1250

FOUNDED IN 2014, CULLEN HOMES HAS AN OVERRIDING MISSION TO CREATE THE MOST LUXURIOUS WATERSIDE PROPERTIES ON THE SOUTH COAST.

“Over the years, the majority of our developments have sold off-plan and have proven to be excellent investments as well as idyllic primary or second homes for our clients.

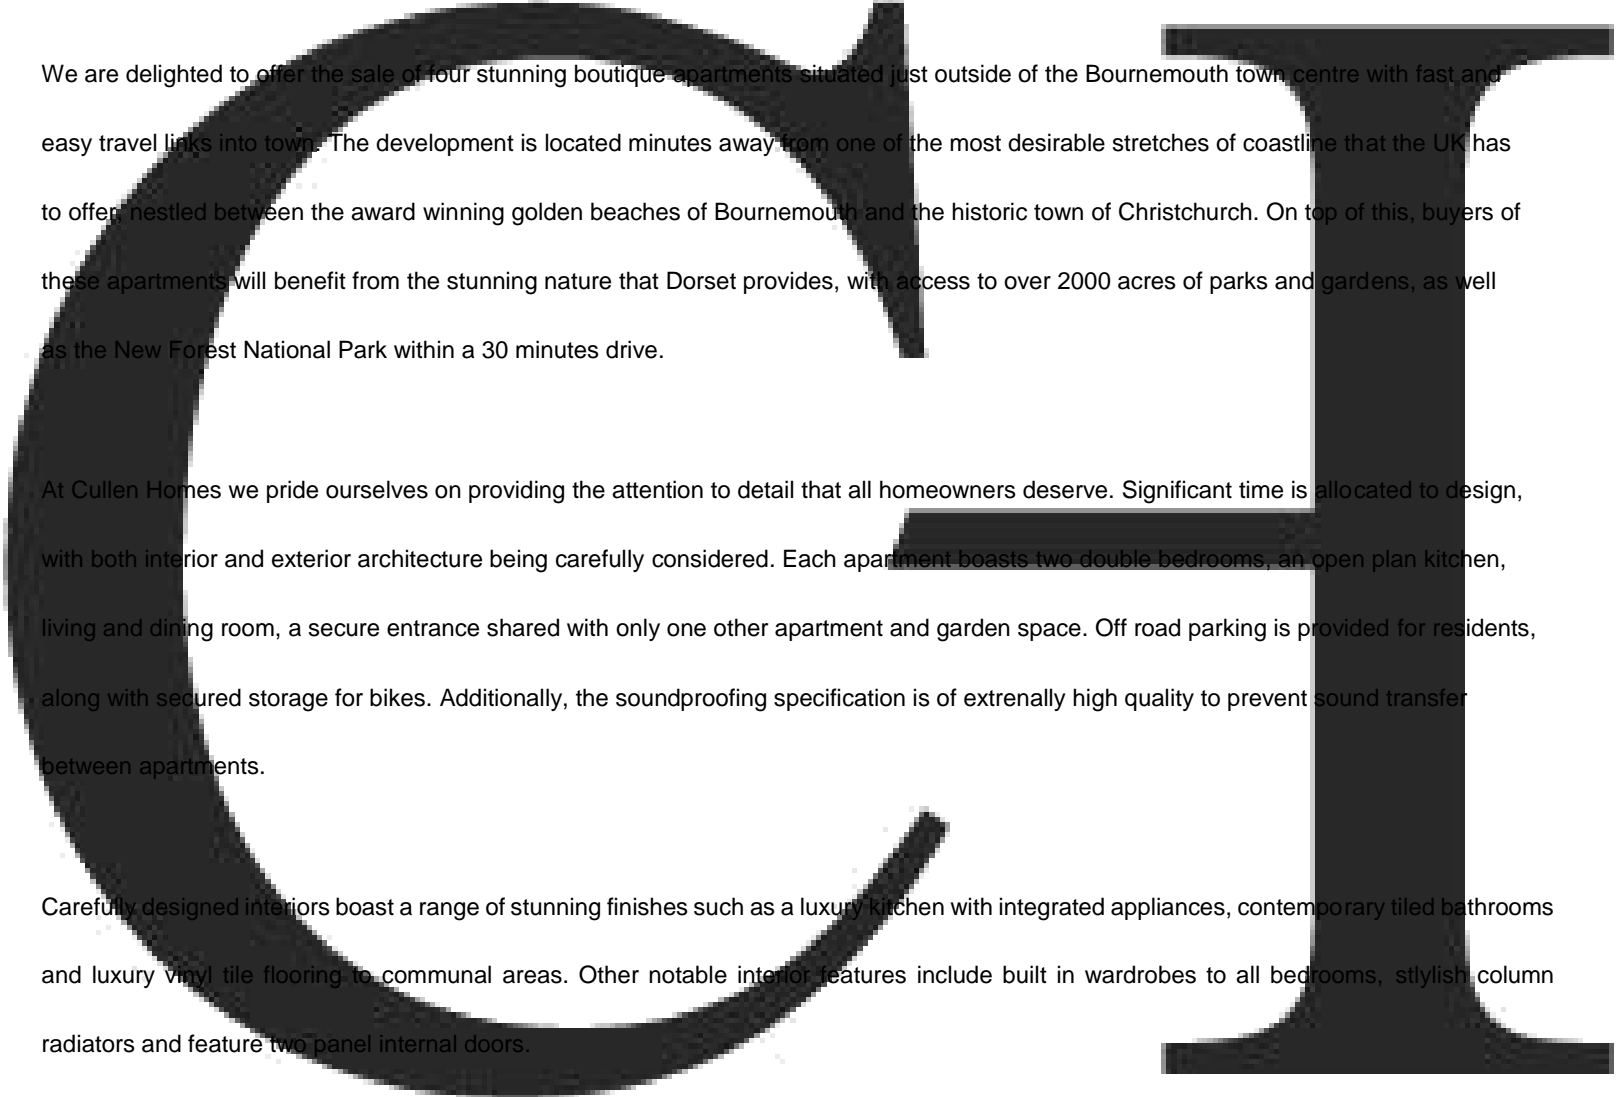

The bespoke product, focusing on attention to detail, paired with the prime waterside sites generally of low supply, has in many cases allowed purchasers to realise capital gains when considering agent’s market valuations or off-market offers post handover”.

We are delighted to offer the sale of four stunning boutique apartments situated just outside of the Bournemouth town centre with fast and easy travel links into town. The development is located minutes away from one of the most desirable stretches of coastline that the UK has to offer, nestled between the award winning golden beaches of Bournemouth and the historic town of Christchurch. On top of this, buyers of these apartments will benefit from the stunning nature that Dorset provides, with access to over 2000 acres of parks and gardens, as well as the New Forest National Park within a 30 minutes drive.

At Cullen Homes we pride ourselves on providing the attention to detail that all homeowners deserve. Significant time is allocated to design, with both interior and exterior architecture being carefully considered. Each apartment boasts two double bedrooms, an open plan kitchen, living and dining room, a secure entrance shared with only one other apartment and garden space. Off road parking is provided for residents, along with secured storage for bikes. Additionally, the soundproofing specification is of extremely high quality to prevent sound transfer between apartments.

Carefully designed interiors boast a range of stunning finishes such as a luxury kitchen with integrated appliances, contemporary tiled bathrooms and luxury vinyl tile flooring to communal areas. Other notable interior features include built in wardrobes to all bedrooms, stylish column radiators and feature two panel internal doors.
